

PATROL

NISSAN PATROL

A silver SUV is shown from the side, parked on a dark, rocky ridge. The background features a sunset sky with a gradient from deep blue at the top to a warm orange glow near the horizon. The car's body reflects the ambient light.

**ARE YOU READY TO  
CONQUER THE CONTINENT?**

## NISSAN PATROL HERITAGE

# THE LEGACY CONTINUES

Like Africa, the NISSAN PATROL has a proud heritage; a legacy of power, determination and strength. The PATROL story began more than 60 years ago in 1951 with the 4W60. It had an authentic 4X4 chassis, selectable 4WD and a powerful 6-cylinder engine.

The 4W60 quickly proved to be the most reliable, rugged and versatile 4X4 available and it was not long before it became the preferred mode of off-road transportation in many parts of Asia.

This legacy of reliability and superior 4x4 capability remains true today. With proven durability, refinement and strength, let the PATROL take you where others don't dare to go.

Available as 7 or 10 seater in STD, GL and GRX grades with either a 3.0ℓ common rail turbo diesel engine with intercooler or 4.8ℓ twincam 24-valve gasoline engine. It gives you the confidence to go off the beaten track, do anything. No hesitation.
